Our practice

GIESE & PARTNER

INVESTMENTS

Giese & Partner is a leading law firm for international investments. Our experienced and highly specialized lawyers advise international investors and banks on structuring and realization of complex investments.

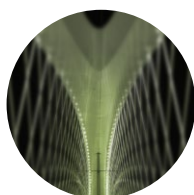

ENERGY LAW

With our unique expertise in energy law in the Czech Republic and Slovakia, we support project developers, banks, funds, and energy traders. Our practise stretches from project planning and implementation, the sale and purchase of plants to energy trading. Giese & Partner advises a significant portion of the most prominent companies that are currently active in this market.

LITIGATION AND ARBITRATION

Giese & Partner is one of the leading law firm specializing in court and arbitration proceedings for complex commercial law matters in the Czech Republic, Slovakia, and internationally. Our expertise lies in handling cross-border proceedings as counsel or arbitrators.

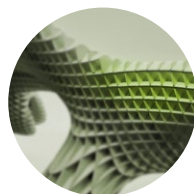

REAL ESTATE PROJECTS

We have advised our clients in regards to numerous major real estate projects in the Czech Republic and Slovakia. Throughout these transactions we have represented a diverse range of clients including financing banks, developers, general constructors and investors.

INSOLVENCY AND RESTRUCTURING

Our law firm is one of the “pioneers” in the area of international insolvency law. Our extensive advisory services cover all stages of a given case, from commencement of financial difficulties through insolvency proceedings and restructuring if applicable, until an appropriate solution is reached.

INHERITANCE

Our highly experienced team handles cross-border estate planning and estate settlements in the Czech Republic and Slovakia. We provide comprehensive support in the settlement and administration of international inheritances.

M&A

Giese & Partner has expert knowledge with regard to international mergers, acquisitions and MBO's. We structure and organize all steps of a project for our clients – from the initial due diligence to the contractual realizations.

DATA PROTECTION

We support our clients in the legal and organizational structuring of data protection requirements, and provide assistance in the event of data breaches and cyber-attacks.
